Water Right Application –Section 10, Required Maps

Overlake Christian Church
9900 Willows Road NE
Redmond, Washington 98052-2531

Site Description

Overlake Christian Church is located on the valley floor in Redmond on the West side of the Sammamish River at the north end of town. The property is bordered on the south by Puget Sound Energy Power Line right of way and a light industrial park. To the north is the Willows Run Golf Course.

The property is a 27-acre parcel, 17 plus acres of which are paved asphalt parking and other impervious surfaces. The church building is 250,000 square feet and covers a footprint of 5 acres. The portions of the property that are landscaped are presently irrigated with an underground Rainbird sprinkler system. The landscaping is watered on a variable timetable from May through September based on need.

We are seeking to drill a well to provide a source of irrigation water to meet our landscaping needs. The exact placement of the well site is yet to be determined and will be established after consulting with well drillers. The desired site for us is at the east end of the property between our property and the Sammamish River where we would place the storage tank and pumping equipment.
